## 3 DEAD, THIRTY HURT IN SHIP RIOT AT HAIFA

American Captain of Jewish Refugee Ship Killed; Another Killed

(By Associated Press)

HAIFA, Palestine, July 19—The American captain of the refugee ship Exodus 1947 was reported in jail today as a result of a shipboard battle between more than 4,500 Jewish immigrants and 50 British marines which left three dead and more than 30 injured.

One of the dead was identified by a British officer as an American, First Mate Walter Bernstein of Los Angeles. The officer said Bernstein died in a Haifa hospital of head wounds. The other victims were Jewish immigrants.

John Stanley Grauel, 30, of Worcester, Mass., who sailed with the immigrants, said the skipper, Capt. Bernard Marks, 25, of Cincinnati, Ohio, was moved to troops for deportation to Cyprus. There was no immediate confirmation from British sources.

Put in Detention Camps  
The injured immigrants already have reached Cyprus detention camps, joining some 15,000 others who lacked certificates.

Latest reports said 28 refugees, including 17 women and a child and three British marines were injured in the shipboard fight. The ship, formerly the 1,814-ton Chesapeake Bay excursion vessel President Warfield, was intercepted off the southwest coast of Palestine yesterday by five British warships.

The refugee vessel was badly damaged by ramming during the boarding operation, and several British warships were damaged, but the Exodus steamed into Palestine under her own power.

The Haifa hospital reported 17 Jews in serious condition from club and gunshot injuries. A British announcement said three marines had been hurt.

Two-Hour Fight  
Smoke bombs, steam jets, fuel oil, tear gas, small arms and even fireworks were brought into play aboard the Exodus off the coast of Palestine. The British said, and life rafts dropped from the ship damaged by the destroyers.

A Jewish broadcast from the ship reported the fight lasted two hours and two boarding parties were beaten.

John Stanley Grauel, 30, who was aboard the President Warfield, told reporters he was an Episcopal minister from Worcester, Mass., making the voyage for the American Christian-Palestine committee.

He indicated that at least four Americans were in the crew, besides Bernstein, there was the master, Bernard Marks, 25, of Cincinnati; Cyril Weinstein of New York, and the cook, whose name Grauel did not know.

CAPUTO IS GIVEN  
10-25 YEAR TERM

Sam Caputo, 23, of Cleveland, third member of a trio which held up the managers of the G. C. Murphy store here last November, was sentenced Friday afternoon in common pleas court at Lisbon to serve a term of not less than 10 years and more than 25 in the Ohio penitentiary.

Sentence was pronounced by Judge J. H. Sharp after a hearing on Caputo's eligibility for probation, which cited numerous brushes with the law in Cleveland, dating back to juvenile days.

The defendant himself pleaded with the court for "another chance." His companions in the robbery, Joseph Giordano and Matthew Smith, who entered pleas of guilty to the armed robbery indictment, already are serving similar sentences in the penitentiary.

Caputo had been committed to the Lima State hospital for observation pending his plea for probation, and recently was brought back to await yesterday's hearing.

## Ball of Fire in Sky Not "Flyer Saucer"

LOUISVILLE, Ky., July 19—A host of Louisvillians agreed today that a "big ball of fire trailing off sparks" they reported seeing in the sky last night was not a flying saucer.

Most reports said the object appeared about 8 p. m., traveled from east to west and was visible for about three seconds.

Louis Hennings, an engineer, said by using trigonometry he figured the "ball of fire" was two and a half miles from his house, about 2,600 feet in the sky, and traveling about 771 miles an hour.

## Universal Military Training Bill Wins Approval Of House Committee

### BULGARS WARN OF INCIDENTS

Greek Border Provocations Related To Security Council

PRAGUE, July 19—The official Yugoslav news agency reported from Belgrade today that Bulgaria had advised the United Nations Security Council she would not be responsible for "possible eventualities" if alleged Greek border provocations were repeated.

The Tanjug agency circulated a dispatch which said the Bulgarian government had announced that it had sent the Security Council a warning regarding the situation on the border with Greece.

The agency quoted the Bulgarian statement as referring to a charge that Greek troops crossed into Bulgarian territory in pursuit of Greek rebels on July 13.

Authoritative Bulgarian sources had charged earlier that 200 Greek troops thrust about a mile into Bulgaria and indulged in considerable gunfire.

They said the Greek soldiers kidnapped a Bulgarian civilian and then fell back into Greece. The purported incident was said to have been reported to the Allied Control Council and to the Russian, American and British legations.

The Bulgarians also charged that another group of 60 Greek soldiers, and a third band of 30 advanced against a Bulgarian border post.

The Greek army reported officially today that it had killed 110 guerrillas and captured 70 others since Sunday.

Additional casualties were inflicted by the Greek air force, said a spokesman for the Greek general staff.

He set Greek army casualties at nine killed and 11 wounded.

FOUR DROWNED WHEN  
TWO BOATS CAPSIZE

MIDDLETOWN, Pa., July 19—Hundreds of searchers probed along the swollen Swatara creek near here today for the bodies of four persons who drowned in the turbulent waters when two boats capsized.

An Oklahoma man and his two sons perished yesterday when their rowboat overturned after plunging over a dam, carrying to the same fate a Middletown man who attempted their rescue. Two others escaped.

The dead were: Kenneth D. Wood, 41; his son, Phillips, 13, and Donald, 10, all of Tulsa, and Harold Mansberger, 34 who tried to save them.

Jerry Wood, 14, escaped after clinging to the overturned boat for more than an hour as did Huber Mansberger, 32, a brother of the drowned Middletown man.

Truck Driver Escapes  
Death In Road Crash

DOVER, July 19—William E. Wolfe, 53-year-old coal dealer, felt his broken nose and quivered at his missing front tooth today—and reckoned as how he was a pretty lucky man.

That broken nose and missing tooth were the only injuries Wolfe suffered when the loaded 18-ton dump truck he was driving turned over as it went down a 125-foot embankment near here yesterday.

## Quick Stop Saves Man from Death

Austin Morgan, 36, of Winter Haven, Fla., was seriously injured when he leaped in front of a New York-Washington express train as it pulled into the North Philadelphia station. In the dramatic picture above, a brakeman signals the engineer to back up slowly so Morgan can be rescued from under the heavy Diesel locomotive. Arrow points to the victim's feet. Below, yard workers bring up a stretcher to rush the injured man to the hospital.

## Bus Drivers Quit Jobs At Canton

(By Associated Press)

CANTON, O., July 19—This steel city of 120,000 residents was left without public bus transportation at 5 a. m. today when AFL drivers walked off their jobs and started a "continuous union meeting" in protest against management disciplining of a union driver.

Local Union President Max Phillips said drivers walked out to protest a violation of the union's agreement with the Canton City lines by company suspension of a unionist for refusing to work overtime after he had been on the job eight hours yesterday.

The driver told company officials that he "was tired" and would be unable to work an extra run, Phillips said, adding that the unionist had been suspended for two weeks without pay by the company in violation of the company-union contract.

The contract provides, he said, that a driver "will be placed at the bottom of the union's extra board for three days if he refuses to take a run assigned to him by the company."

Officials of the firm, a subsidiary of National City Lines, estimated that 65,000 to 70,000 persons depended upon bus transportation here each Saturday.

Children Escape Unhurt  
When Lightning Strikes

Two sons of Mr. and Mrs. Brian Weingart, R. D. 2, Salem, narrowly escaped injury from lightning in a recent electrical storm.

A bolt of lightning struck a tree outside the home, passed through the living room of the home between the two children, one asleep and the other seated on a davenport.

The electric stove in the kitchen, a light switch and the water heater were damaged by the blast.

## PAY AVERAGE IN PLANTS HITS HIGH

WASHINGTON, July 19—The bureau of Labor Statistics reported today that average pay in manufacturing hit a record high of \$12.22 an hour for a 40-hour week in June.

At the same time Bureau Director Ewan Clague said rising food prices and rents in the next few months may send the cost of living past the record level of mid-March.

Clague said the manufacturing wage scale in June began to reflect the wage hikes of 10 to 15 cents an hour in basic industries last spring. It was up a nickel an hour over February.

"Real wages"—average earnings weighted against consumer prices—were up 29 per cent from August, 1939, Clague said. The weighted earnings were 129.5 per cent of the 1939 level, while the actual average weekly earnings were 205.8 per cent above the pre-war period.

There are approximately 15.4 million persons employed in manufacturing jobs, Clague reported.

The BLS director predicted that the record total of 60,000,000 jobs of all kinds reported by the Census bureau last week probably will continue through September at least.

Six Masked Gunmen  
Rob Tavern of \$400

AKRON, July 19—Six masked robbers armed with revolvers and a sawed-off shotgun early today held up Duffy's tavern in the nearby Portage lakes district and obtained from \$300 to \$400 from the tavern manager and some 25 customers, Sheriff Robert Smith reported.

Entering the tavern with drawn guns, the masked gang ordered patrons and employees to line up against the wall and toss their wallets on a gambling table, Sheriff Smith said.

A newspaperman assigned by his city editor to "check" the tavern for a story, entered the tavern while the robbery was taking place. Lined up with other patrons, the newspaperman received an "eye-witness" account as the robbers left the scene and escaped, the sheriff added.

Coroner's Inquest Clears  
Driver In Traffic Death

Clevis V. Patterson, 38, of Arch st., who was driving a car which struck and killed George Matthews, 73, of W. Wilson st., was exonerated of any blame when Coroner Ernest Sturges held an inquest at city hall Friday night.

Witnesses told Sturges Matthews stepped directly into the path of the car, which they estimated was travelling less than 30 miles an hour. The accident occurred at the corner of Jennings ave. and W. State st. as Matthews was on his way to work at the city pumping station at 9:35 p. m. Thursday.

## Berry Pickers Protest, Win Wage Boost

Some 40 berry pickers on the W. J. Hays farm in Middleton township staged a demonstration Friday at the raspberry patch and won a quick increase in returns for their labor.

Bearing placards with the inscription, "We Want Cabbage, Not Chicken Feed," the demonstration was ended hastily when the pickers were told they would be paid for five quarts for every four they picked with the prevailing rate of 6 cents per quart remaining in effect.

War Secretary

(By Associated Press)

WASHINGTON, July 19—A house armed services subcommittee today approved a universal military training bill following closely the plan advocated by President Truman's special commission.

The committee is headed by Rep. Towse (R-N.J.). Its action is subject to review by the full armed services committee at a meeting next Tuesday.

Subcommittee members reported the vote as seven for the bill, one against it, one not voting and one absent.

The full 33-member committee reportedly is top-heavy in favor of the bill, although some House Republican leaders said it will not be acted on by this session of congress.

Six Months Basic Training  
The bill approved by the subcommittee calls for six months of basic training for qualified male youths between their 18th and 20th birthdays, followed by six months of membership in an ROTC, National Guard, or other Reserve component.

A youth would be allowed to have his induction deferred until he becomes 20 or completes his high school education.

The bill provides for dependency allowances of \$50 monthly for one dependent and \$65 for two or more.

The training program would be administered by a three-member commission appointed by the president.

Trainees would receive \$30 monthly during their basic training period, regardless of their dependency situation. They would wear uniforms bearing a distinctive insignia and would not be subject to military service except in cases of national emergency.

The Army, the Navy and President Truman have advocated the legislation as necessary for national security. Veterans' groups also have supported it, but churchmen, educators and labor groups generally have fought it.

A nine-member civilian commission named by Mr. Truman recently recommended in a voluminous study the compulsory training of up to 950,000 American youths a year as an "urgent military necessity."

FRIENDS TO HOLD  
MEETING AUG. 26-31

(By Associated Press)

WASHINGTON, July 19—Secretary of War Robert E. Patterson, satisfied that his fight to unify the armed forces is won, will leave his cabinet post next Thursday and return to private law practice in New York after seven years of service in the War department.

As the New Yorker's successor, President Truman has nominated Undersecretary Kenneth C. Royall of North Carolina, a veteran of both world wars and a former brigadier general.

The shift left Secretary of the Navy James Forrestal as the only wartime cabinet member still in the government service. This aroused much speculation that Forrestal might become head of the army, navy and air forces as the new secretary of national defense proposed in the pending merger bill.

In his letter of resignation yesterday Patterson told Mr. Truman "I could not see my way clear to leave until the issue of reorganization of the military establishment was resolved."

Patterson, who is 56, was a federal judge before he came to the War department in July, 1940, as assistant secretary. He became undersecretary in December, 1940, and directed the Army's supply procurement during the war. He succeeds Henry L. Stimson as secretary in September, 1945.

Royall is 53 and a native of Goldsboro, N. C. He was appointed undersecretary in November, 1945.

Two Persons Are Hurt  
In Car Mishaps Friday

State patrolmen investigated two minor accidents near East Liverpool Friday. Two persons suffered minor injuries.

Alexander Gellatly, 49, of Chicago, was the driver of a car which overturned on Route 30, six miles south of Lisbon, at 7:30 p. m. Friday. His wife, Mrs. Jean, 44 and daughter, Norree, 20, suffered bruises and abrasions.

Howard Havice, 17, of East Liverpool, was uninjured when his car plunged through a guard rail and over an embankment on Route 7, a mile southwest of Liverpool at 3:40 p. m.

## SENATE VOTE FALLS SHORT TO LICK VETO

Millikin, Republican Floor Manager of Bill, Flays Democratic Action

(By Associated Press)

WASHINGTON, July 19—Failure of the senate to override President Truman's veto of the GOP tax-cutting bill tossed the issue into the 1948 political campaign today. Both sides expressed willingness to let the voters decide who was right.

Prospects for tax reductions at this session died last night when backers of the bill marshaled only 57 senate votes against 36 supporters of the President—five short of the necessary two-thirds majority.

27 Margin in House  
Earlier the house had voted to override with 27 votes to spare, 299 to 108.

"I'm not unhappy," Senator Millikin (R-Colo.), floor manager for the bill, told reporters

## — But We Shall Miss Them

Editorialists hate to see congressmen leave Washington, which now is an impending event. We shall write, but we shall miss them . . . there will be some vacant days.

As the first breakup of the 80th Congress approaches (July 26) there is one editorial that especially needs to be written—about Congress itself, or what might be called the psychology of the republic, as reflected in the way people seem to feel about Congress.

There are the usual number of those mad enough to shoot the legislators, as Senator Bricker has discovered, but on the whole it seems a safe supposition that Congress has recovered so far this year its proper status as a coordinate branch of the federal government.

That is, the tendency to regard it lightly and to say cynically that it was the puppet of this or that compact minority—a poor second to the White House, where all the important decisions were made anyway—is disappearing.

No one imagines any more that the chief executive can rear back on his hind legs and tell Congress to pass a law. More than that, no one imagines that any concealed cadre of heavy thinkers lurking behind the White House scenes can bend Congress to its bidding by whispering something in the chief executive's ear. The executive branch of the federal government and the legislative branch are separated again, which is as it should be.

This change for the better is not, of course, pleasing to all, certainly not to those who have been making progress in a campaign of ridicule against Congress. Deliberative government annoyed them. They missed no chance to make Congress look silly—a campaign of subversion helped along by certain congressmen who seemed to have the same idea. But congressional ridicule is on the decline. Congress now is taken seriously even by those with the least good to say about it.

The record of the 80th Congress to date is not brilliant. If a word had to be chosen to describe it, the best word might be "conscientious." Congress has returned to the tradition of legislative deliberation. It is taking time to resolve its doubts, as on universal training. It is allowing time for a seasoning of opinion on things that require no haste, as in the question of statehood for Hawaii and the question of federal aid for education. But the 80th Congress never can be accused of do-nothingness—not after the bill of rights for working people it passed over the screaming protests of labor organizations that wanted to hold a monopoly on these rights.

The last ink stains left from the rubber-stamp era have been cleaned up in the Capitol. The thing that came as close to destroying respect for the national legislature as anything that happened during all of the 19th century and the first third of the 20th has been survived.

## Prices Too High, Too Low

The Senate banking committee thinks there should be a congressional investigation of prices that are too high. The boys might as well save their time. Before they finished investigating prices that are too high, they'd probably have to start investigating prices that are too low.

Prices are too high, no doubt about it, but the reason is hard to pin down. Sometimes it seems as if prices are too high because they aren't too low. If they were too low, we'd be trying to boost them. But because they're too high, we're trying to drag them down.

No one knows when prices were just right. Maybe it occurred at some obscure hour in the night-time once, like the beginning of the summer solstice. But sometime prices must have hit a golden mean on their way up or down. There are, after all, days when the temperature, which also goes up and down, seems to be just right—for people who feel that way about it. Anyway, prices won't stay high forever. They will come down—and down—and down. The United States will resume worrying about a leisure-time problem, an acute situation back in the 30's. There will be a buy-now campaign to give apathetic business a jab in its dragging rear end. The White House will issue a strong statement against hoarding. Salesmen will cut each other's throats for a dollar's worth of business. No reasonable offers will be refused. The best brains of the country will be harnessed and will try to pull up the price level. There will be a congressional investigation to find out why prices are too low.

In the meantime, perhaps congress will have discovered why prices are too high, aside from the fact everybody and his brother are charging what the traffic will bear—which is more than most of us feel we can pay.

## Those Yankees Again

To a person who looks at the major league baseball standings once every six weeks, the decided pre-eminence of the New York Yankees comes as something of a surprise. Sure, everybody knew they were good, but who expected them to be that good? They are almost 150 percentage points ahead of their nearest opponent and in the middle of a road trip have amassed a winning streak surpassing any achieved in the days of Ruth, Gehrig, the Meusels and Lazzeri.

Looking over the lineup, one finds, except for DiMaggio, no names that conjure up the visions of unlimited power that was at the disposal of Miller Huggins and Joe McCarthy. Nevertheless, if they continue at their present pace, the old cry of "Break up the Yankees!" again will be heard in the land. And without taking credit from the present team, one doubts if it measures up to some of the great Yankee clubs of the past. One suspects it's the best of eight "victory model" clubs, but it's best by a very wide margin.

## The Stars Say

By GENEVIEVE KEMBLE

Sunday July 20

SUNDAY'S horoscope shows the intervention of an abrupt event or situation in which the prearranged program and objective of the day may be set aside, being fraught with better promise for a happy, romantic and adventurous crisis.

This sudden turn of events may prove to be outside the regulation or conventional procedures of the day, but may prove lucrative and enjoyable.

## For The Birthday

Those whose birthday it is may anticipate a sudden turn of events, marking a complete change in affairs, with a sudden move in the direction of surprising and unforeseen denouements.

Originality, fresh tactics or methods, vigorously and ingeniously engineered, should accelerate events into high gear of performance, progress and possibly romantic adventure. This of an unorthodox or unconventional aspect.

A child born on this day should progress through its originality, inventive genius or exceptional skills in novel or untried objectives. Romance and adventure mark its lively and dramatic way.

## Monday, July 21

Monday's astrological forecast is for an exciting and eventful day in which all the affairs are under excellent tempo for the achievement of the highest and most desired plans, objectives, ambitions and aspirations.

The business, professional, home and social life may be keyed up to great adventure and romance, with the mentality, practical and creative ideas moving to new heights of performance.

Those whose birthday it is are at the gateway of an era of thrilling and adventurous attainment of fondest hopes and wishes, whether they lie in the realm of finance, business, culture or romance.

All the forces and faculties are under high stimulus for attainment, under an expansive and progressive urge for fulfilled ideas and aspirations. A goal to be worked for with insight, ingenuity and the "finer forces" and with the aid and collaboration of "kindred spirits." Set the goal to high endeavor.

A child born on this day is bounteously endowed with talents, faculties and skills for the attainment of noble ideals and the realization of worthy aspirations.

## GUARDING YOUR HEALTH

## Prevention of Trichinosis

By HERMAN N. BUNDESEN, M. D.  
PREVENTION of trichinosis is so easy that it is a pity for anybody to contract it. And, yet, this condition, which at best means a long, unpleasant illness, occurs fairly often, simply because people are not careful enough about cooking pork thoroughly.

Trichinosis comes almost entirely from the eating of pork infested with the parasite known as Trichinella spiralis. Either long and thorough cooking, or freezing at zero degrees Fahrenheit for 72 hours will kill all parasites. But unless the housewife knows the exact conditions under which time meat has been frozen, she will do better to play safe and cook all pork until the last tinge of pink has disappeared.

Symptoms of Trichinosis  
The symptoms of trichinosis have been studied by Dr. Robert E. Ober, of Massachusetts.

Within three to five days after eating contaminated pork, such conditions under which the meat is cooked, vomiting, pain in the abdomen and diarrhea may develop. In this stage of this condition, the disorder is sometimes mistaken for an attack of grippé, acute kidney inflammation, rheumatic fever, or food poisoning.

In many instances, if disturbances of the stomach or bowel occur, a diagnosis of trichinosis is not made until later, because the symptoms are much like those of various ab-

dominal disorders. The larvae are carried to the small blood vessels in the lung, to the heart, and the arteries in other parts of the body.

They also pass into the eyelids, the diaphragm between the chest and abdomen, and the various muscles of the body. The worms then become encysted within the muscles and remain alive for many years. Encysted means that the worms are surrounded by a membrane or capsule.

## Aching Muscles

Within ten to fourteen days after eating contaminated pork, if no stomach or bowel symptoms have occurred, the infestation may be shown by aching or tenderness in the muscles, chills, cough, swelling of the eyelids and a skin rash. Fever develops and may reach 105 Fahrenheit. These symptoms may continue for from five to seven weeks.

As a general rule, there is an increase in the number of white cells in the blood, and the kind of white cells known as eosinophils are also increased in number.

Complete recovery ordinarily occurs, but pains in the various muscles may sometimes persist for a long time.

Unfortunately, there does not seem to be any treatment of this condition which is of any particular value. However, the disorder can be prevented if all pork is either thoroughly cooked or frozen.

## Saves Greenford Boy from Drowning

GREENFORD, July 19.—Donald Dickson, son of Mr. and Mrs. James Dickson, narrowly escaped drowning Wednesday when he and a group of boys were swimming at the Albany swimming hole.

He had gone under for the third time when Glen Rich, a Boy Scout, rescued him, and used artificial respiration.

## LEADERSHIP

From the day of its inception as an organization, Cadillac has been dedicated to quality. For forty-five years, it has been the Cadillac purpose to provide the finest personal transportation that advanced engineering and manufacturing can bring into being. It is only natural that Cadillac should long since have been accepted as the world's foremost motor car.

If you are waiting for a new Cadillac—please be assured that every effort is being made to further production. Demand is so great, however, that some delay in delivery is still inevitable. But hold to your purpose! There is no substitute for a Cadillac.

## Man, Girl Killed In Plane Mishap

TOLEDO, July 19—A man and a woman were killed in a crash of an airplane on the P. J. Goldsmith farm, a mile and a half northwest of Wauseon, O., in Fulton county, after what witnesses described as a mid-air collision with an army plane.

Dr. H. M. Warner, Fulton county coroner, said the victims were Walter W. Hyde, Jr., 23, and Joanne Brown, both of Wellington, O. Relatives in Wellington said they had left to fly to Michigan lakes for the weekend.

Dr. Warner said eight residents of

nearby farms witnessed the crash of the Aeronca plane, which went into a spin 1,500 to 2,000 feet above ground.

They said the spin followed either a collision or near collision with what was described as a P-61 Black Widow night fighter, Dr. Warner said.

Dr. Warner said witnesses told him the plane bore army markings.

# FOR YOUR SAFETY

Every known facility for safe operation and control of an automobile is built into it. These safety features have been given gruelling tests, they have been proved and perfected by years of the finest engineering experience. But their maintenance and handling are up to you. Safe driving depends upon the efficient operation of these factors.

Watch your steering gear for excessive play—keep your brakes in trim, inspect tires for weaknesses that may result in blowouts. Be sure all lights are working, "one-eyed" cars are dangerous. Check your mirror for clear rear-vision. Be sure your horn works—but don't abuse its use. Do your windshield wipers wipe?

Remember, no matter how good the safety features of your car—they are only as good as your ability to control them. If you are overtired from driving strain—stop, rest, drink a cup of coffee. If you are mentally or nervously upset, let someone else drive. If you've been drinking, stay off the road.

Keep your car—and yourself—always in condition for safe motoring.

## Wright-Birtalan Vows Heard At Kensington

Mr. and Mrs. Charles Wright of Kensington announce the marriage of their daughter, June, to Paul Birtalan, son of Mr. and Mrs. Joe Birtalan of Alliance.

The event took place in the bride's home in Kensington. Rev. R. A. Marty officiated.

The bride was costumed in a white street length dress, wearing a corsage of red rose buds. Her sister, Miss Dorothy Wright of Kensington, was her maid of honor. She chose a beige dress, wearing a corsage of yellow rose buds. Mrs. Cora Wright of Salineville, grandmother of the bride, was the only grandparent present.

Joe Birtalan of Alliance served as his brother's best man. A reception was held at the home of the groom's parents in Alliance.

Mrs. Birtalan is a graduate of Augusta High school and also graduated last month with the 1947 graduating class at the Massillon City school.

The groom is a graduate of Augusta High school, served in the Army in World War II and is employed at the National Sanitary Co., in Salem. They are making their home with the groom's parents in Alliance.

## FASHIONS CHANGE

### Madame to Swish Taffeta Petticoat, Toss Regal Train In Fall

By DOROTHY ROE  
Associated Press Fashion Editor

NEW YORK, July 18 — The grande dame returns to the U. S. fashion scene next fall, swishing her taffeta petticoats and tossing her regal train.

She bears no resemblance to the neat, streamlined American woman of the last few years, who took pride in under-dressing rather than over-dressing who swore by the tailored suit as a workaday uniform and kept her evening gowns, if any, as simple as her house dresses.

The lid is off this year, and designers are making the most of their new freedom, revelling in the return of ten-yard skirts and imported laces and silks.

One of the ringleaders in the revival of the era of elegance is Omar Kiam, of the house of Ben Reig, who shows a collection so opulent that it leaves his current audience, composed of fashion editors of newspapers throughout the country, gasping and rubbing their eyes.

There is no hint of the simple little basic dress which served so well during the war-time years in Kiam's collection for fall, 1947. His theory is that it's time for women to dress up again, and he provides the inducements, with elaborate evening gowns of satin and beaded lace, dramatic evening cloaks with flowing cape backs, fabulous gowns of gold and silver lame, cocktail frocks with completely circular accordion pleated skirts.

Mrs. Milton Critchfield of Lisbon rd., who suffered a fracture to her left wrist in a fall at her home, is improved.

Mr. and Mrs. A. B. Drummond of S. Union ave. spent today in Canton and visited their grandson, Alan Drummond, who is ill in a hospital.

## Xi Pi Chapter Plans Season's Program

The program for the 1947-48 season was discussed at a picnic dinner meeting of the Xi Pi chapter, Beta Sigma Phi sorority, Thursday evening at the Country club.

Mrs. Raymond Pawcett of Washingtonville rd. will be hostess at the initial session, Thursday evening, Sept. 4.

The social committee, headed by Mrs. W. W. Luce, had charge of this meeting.

A picnic for the members and their families is planned for Aug. 15, at the Country club.

Mrs. Arthur C. Yengling of W. Tenth st., returned Friday evening from Walla Walla, Wash., where she spent five weeks with her son and wife, Dr. and Mrs. Arthur Yengling.

## Plan Groves Reunion

The Groves reunion will be held Sunday in Beulah park, Sharon, Pa.

Mr. and Mrs. Harvey Lottman of Franklin st., are president and secretary-treasurer, respectively.

Mr. and Mrs. R. H. Wilson of E. State st. spent the day in Youngstown.

# Yankees Finally Halted 8-0 By Detroit's Fred Hutchinson

## Ralph Branca Throttles St. Louis With One-Hitter And Near-Perfect Hurling

BY JOE REICHLER  
Associated Press Sports Writer  
"Stoppers" Freddy Hutchinson, 27-year-old native of Seattle, Wash., and 21-year-old Ralph Branca, from Mt. Vernon, N. Y., a pair of right-handed hurlers, were receiving plaudits today for having given probably the best pitching performance yet in the 1947 major league season.

Hutchinson, Detroit Tiger twirler, probably had the toughest assignment ever handed a pitcher this season. Entrusted with the task of stopping the New York Yankees, something no pitcher had been able to do in 19 straight games since June 29, Hutch not only squelched the Yankees' bid for their 20th straight win—an American league record—but stopped them cold with only two hits as he shut them out 8-0.

Branca, Brooklyn's mound ace, came even closer than Hutchinson in joining the elite group of pitchers who have hurled perfect games, that is, allowing no one to reach base.

Ralph retired the first 21 men to face him in shutting out the St. Louis Cardinals 7-0 with one hit. And but for an eighth inning lead-off single by Enos Slaughter and a pass to Whitey Kurowski later in the inning, he would have become the first pitcher in modern National league history to have pitched a perfect game.

The defeat by Hutchinson and the Tigers, left the Yankees as co-holders of the American league consecutive game winning record with the 1906 Chicago White Sox. The major league record of 26 is held by the 1916 New York Giants.

Will Marshall hit three successive home runs and Johnny Mize and Bobby Thomson hit one apiece to lead the Giants to an 8-3 victory over the Cincinnati Reds at the Polo grounds. Marshall, raised his homer output to 24.

The victory enabled the Giants to move into second place past the Boston Braves who dropped a 2-1 decision to the Pittsburgh Pirates in Boston.

The Chicago Cubs collected 16 hits, three apiece by Harry Lowrey, Andy Pafko and Phil Cavarretta, to defeat the Phillies in Philadelphia 7-5.

Ted Williams enjoyed his best batting day of the season as he smacked five for five including his 17th and 18th home runs and drove in five runs, but the St. Louis

Browns nosed out his Boston Red Sox 9-8.

Don Black pitched and batted the Cleveland Indians to a 6-0 shutout over the Washington Senators to snap the Tribe's six-game losing streak.

Joe Haynes allowed only four hits in pitching the Chicago White Sox to a 4-1 triumph over the Philadelphia Athletics in Chicago. It was Haynes' fifth victory of the season.

## INDIANS RECOVER, WIN OVER SENATORS

(By Associated Press)

CLEVELAND, July 19.—The Cleveland Indians, apparently recovered from the "Yankee plague," were to meet the Washington Senators in the second game of the series today after Don Black blanked the Nats, 6 to 0, last night.

Black's five-hit performance ended a six-game losing streak for the Indians who dropped five in a row to the whirlwind New York Yankees.

Never rated much of a hitter, Black broke Early Wynn's heart by clouting a base-clearing double in the second inning last night. From then on, the portly right-hander, who hurled a no-hitter against the Philadelphia Athletics last week, had things his own way.

Doubles by Hal Peck, Dale Mitchell and Lou Boudreau were good for two additional markers in the fifth inning, and singles by Jim Hegan and Peck and Mitchell's long fly accounted for the final run in the sixth.

Mitchell's blow kept his consecutive game hitting streak intact. He now has hit safely in 20 straight contests.

## Gillom An All-Star

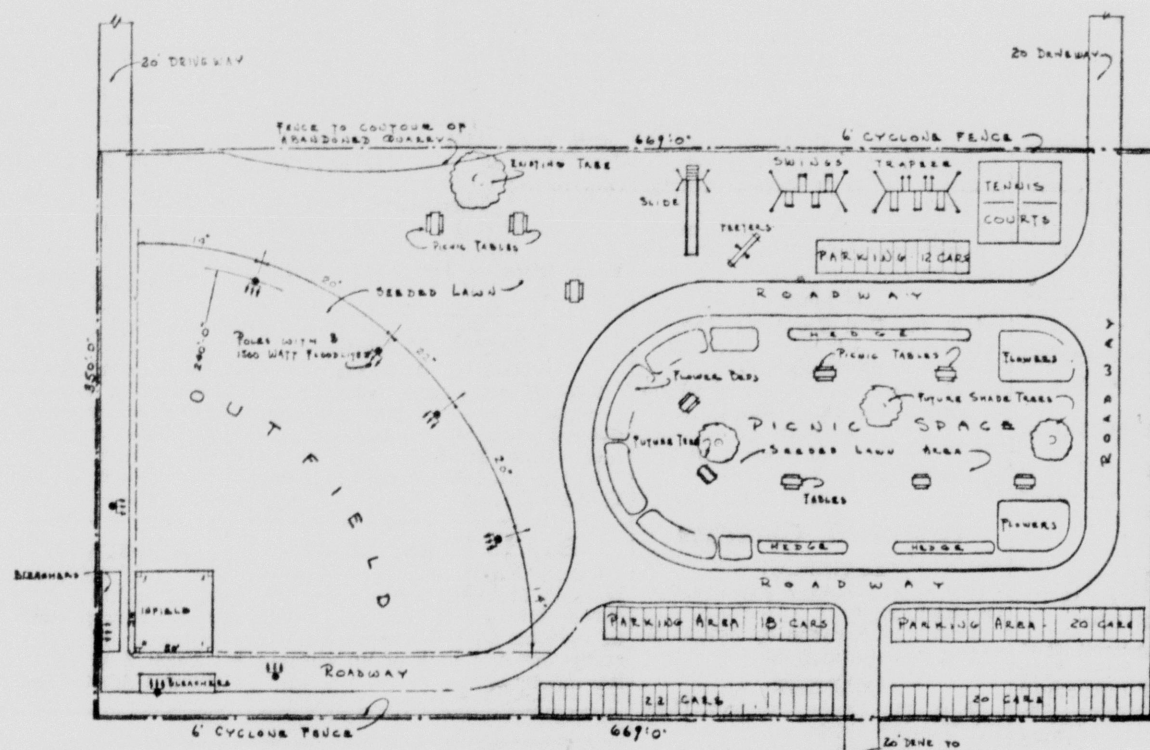

(By International News Service)

CHICAGO, July 19.—Two great ends from the west were named today as additions to the college All-Star squad which will meet the Chicago Bears Aug. 22 in Soldier's field.

The two were Burr Baldwin of UCLA and Horace "Horse" Gillom of the University of Nevada.

Gillom, a Negro, left a legend of fabulous football performances at the Massillon High school. After winning three Bronze stars in the army he played at Nevada during the 1946 season.

## Work On Prospect-Wilson St. Diamond Nears Final Stages

Salem's new West Side public park and ball diamond is pictured above as it may appear in a few years, if plans of the committee in charge of its construction are fulfilled.

Originally planned as only a lighted softball diamond, the park will take on the appearance of a miniature Centennial park when completed.

The drawing, contributed by Bill Shoop, shows roughly what the West Side may expect in a few years. The new lighted diamond, soon to be completed is shown at the left, with a picnic area, tennis courts and playground equipment flanking it.

Parking space for almost 100 cars is available on the Prospect street acreage. A good number of fans will be able to view ball games from their cars.

## Planning Committee

A committee, composed of Joe Kelley, Mike Schuller, John Ehrhart, William Pauline, Gordon Allen and James Alden, has been busy working on the field for more than a month.

Completion of the project is stymied at present until a 500-foot cyclone fence is delivered. The fence is necessary to close off the diamond outfield from the Wilson st. stone quarry.

A wire backstop was constructed Thursday and put in place at the field. Lights will be attached to the eight newly-erected poles next week. The poles are 70 feet high and are imbedded in rock.

The committee is hoping to complete all phases of the work by Aug. 1.

## Ehrharts Win Over Saxons In Lone Tilt

In the only game not rained out in city softball play Friday, the scrappy Ehrhart nine defeated the second place Saxons 7-3 in an American league tilt.

Paced by Third Baseman Harry, who notched three hits in five tries, Ehrharts came from behind in the sixth to go ahead permanently. Dave twirled six hit ball.

The defeat dropped the Saxons into fourth place in the league, virtually eliminated from any chance of coping the second round.

Three other games were rained out.

## Columbiana Board Hires Architect

COLUMBIANA, July 19 — The board of education, at a special meeting Thursday evening, employed Kiling & Frost, Youngstown architects, to prepare plans and estimates for the enlargement of the high school building and hired Mrs. Joseph Gleaton of W. Park ave. to fill a vacancy in the teaching staff. She will be an elementary teacher. A couple of vacancies remain to be filled.

In a lengthy session, the board went over with the architects the report of the survey by the research department of Ohio State university and supplied them with blueprints of the present building. They expect to submit a report soon.

**Family Night Observed**  
Firestone Farms annual family night was observed Thursday evening with a picnic dinner in Pavilion

1, Firestone park. The event is tendered by the Firestone family to its employees on the farms.

Russell Firestone, one of the sons of the late Harvey S. Firestone, gave a talk in which he outlined the history of the original farm from the time of its settlement by his forebears until its enlargement by acquisitions in recent years. Moving pictures of farm activities were shown.

Accompanying Mr. Firestone from Akron were R. E. Hapfeldt, business agent of the Firestone family; R. W. Koch, director of purchases for the company, and Horace Millhone, director of farm advertising.

**Harold Family Reunion**  
Descendants of Samuel and Susanna Harold are holding their annual reunion today at Firestone park.

Cabbages, carrots, nearly anything that grows can if necessary become the basis of liquid fuels and lubricants now produced from petroleum, says one oil scientist.

## Wounded Burglar Risks Death In Hospital Escape

CLEVELAND, July 19 — Police hunting a critically wounded man, who escaped while being guarded in a hospital yesterday, expressed belief today that death would overtake the fugitive before he was captured.

The man, Arthur Kirkorian, 28, was wounded by a shotgun blast Tuesday night when he was arrested in connection with a robbery.

Attendants at Huron Road hospital said his left lung was collapsed by the pellets and he had been given two blood transfusions. Oxygen was being given through tubes inserted in his nose.

Cleveland Heights Patrolman George Prabel, who was assigned to guard him, was suspended when he admitted dozing. Police Chief Edward W. Griebel said.

Kirkorian's hospital robe and bed sheet were found in a parking lot outside the hospital. His blood-stained shirt, which he snatched along with his trousers and shoes before leaving the building, were located later beside an apartment house.

Chief Griebel said the man had admitted committing burglary in a Cleveland Heights home and had returned to pick up the loot when he was arrested.

## Incubator Fire Fatal To Day-Old Toledo Baby

TOLEDO, July 19. — Defective wiring was blamed today for an incubator igniting in Toledo Robinwood hospital last night and burning to death a day-old infant girl.

The victim was the daughter of Mr. and Mrs. Beryl G. Schowler, of Toledo. The premature girl weighed only one pound and eight ounces. She had not been named.

Virginia Wiler, nurse in charge of the maternity ward, grabbed a fire extinguisher in an attempt to put out the flames.  
Other nurses carried 13 babies to another room as soon as the fire was discovered.

## Goodrich Union Votes For Company-Wide Strike

AKRON, July 19.—The B. F. Goodrich company Akron local of the CIO-United Rubber Workers union had the backing today of its membership in calling a strike vote to help gain company-wide bargaining.

George Bass, Goodrich local president, refused to disclose the total vote or figures in yesterday's balloting but indicated that workers in the Akron plants favored a strike action vote 16 to 1.

Balloting, he said, was heaviest in the history of the union.

## Pass Notary Exams

Powell, Wellsville; Gerald J. Judge, Salem; J. S. Stober, East Palestine; Gladys Windram, Lisbon; Mrs. John D. Bobbitt, Columbiana, and Fred R. Yeiser, Leetonia.

## Land Sold by Sheriff

LISBON, July 19.—A 79.55 acre tract of land in Elkrum township was sold from the steps of the courthouse Friday by Sheriff George Hayes in the settlement of an estate in the case of Donald Huston vs. Walter Huston, et al. The tract was bid in by Edward J. Landsberger of Unity for \$2,375.

## Baby Drown In Sebring

PORTSMOUTH, July 19.—Coroner Virgil Fowler yesterday reported the drowning of 16-month-old Arletta Litz whose body was found in a spring near her home.

## Worker Electrocuted

AKRON, July 19.—Wayne R. Sherbondy, 36, was killed yesterday, police said, when electrocuted while digging holes in a wet cellar floor with an electric drill. Police said he had been working on a furnace installation.

Wax from southern sugar cane may some day replace the expensive carnauba and other imported waxes in shoe polish and other products, scientists say.

## Firemen Turn Detective And Catch Alarm Culprit

CLEVELAND, July 19.—Cleveland firemen today came up with a sure-fire method for apprehending culprits who turn in false alarms.

Last night after a false alarm was turned in at a downtown box, the firemen toured the area and sprinkled phosphorescent powder on a number of fire boxes.

A short while later another alarm was turned in from the same district. The firemen again found no flames but they observed a familiar glow coming from the hat and hands of a bystander.

They called police who arrested the 42-year-old man as a suspect and turned him over to the arson squad for questioning.

For Safer Driving Extra Tire Mileage

USE OUR COMPLETE WHEEL ALIGNMENT SERVICE

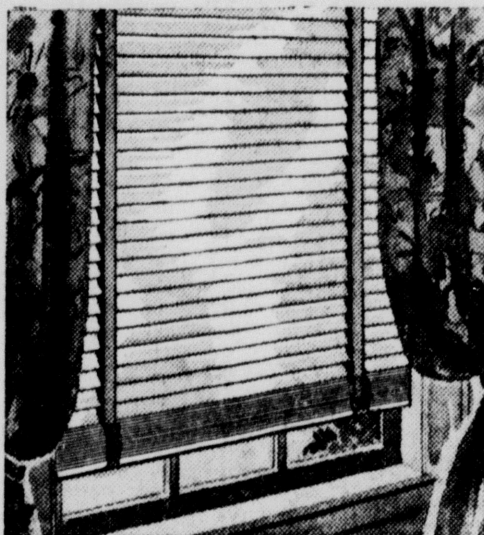

Did you know that if one of your wheels is as little as one-eighth inch out of line, your tire is dragged sideways approximately 85 feet in every mile? It is easy to see from this fact, how much unnecessary wear your tires receive if your wheels are out of line.

Faulty wheel alignment, like faulty brakes, also makes driving

hazardous. Play safe—drive in today and let us check your wheel alignment with our Bennett-Feragen Chassis Analyzer. In a matter of minutes we can give you accurate, visual proof of the exact alignment condition of your wheels. If correction is necessary, we can put your wheels in perfect alignment quickly and at a surprisingly low cost.
